## Owners comments

We purchased Foxy from a Swedish owner who cruised and raced two handed in the Med. We brought her to the UK in 2017. Throughout our tenure we have continually invested in the upkeep of this wonderful yacht.

She comes with a full set of cruising sails and two full sets of racing sails all in great condition. We renewed all of the standing and running rigging in 2019 and have thoroughly enjoyed our ownership.

Our only reason to be offering this much-loved X Yacht for sale is a recent purchase of another X yacht.

Foxy has been professionally maintained with no expense spared throughout our tenure. If you are thinking of an X-34 Foxy is very well equipped for both cruising and racing and is completely ready to sail away. She has a 2023 IRC rating of **0.991**.
